Important info to help you to **budget** for your studies:

- Distance education on the Internet, while you are studying at your own time from the comfort of your home, saves a lot of money. At the Academy of Sexology International, we offer the highest academic value at the lowest possible costs.
- Your basic costs are the fee per module (see above). You only enrol & pay as you go for one module at a time. You are welcome to pay for more than one module, but you cannot enrol for a next module until you have passed the previous one. We'll credit your account but there will be no refunding of payment whatsoever.
- A once-off application fee of R 400 that must be paid upfront in order to process your application. (Bank details bottom page 2).
- Students of the Academy of Sexology must register with a professional body as a student member. Your student membership with a legal professional body (such as the CSHP) will give you a definite advantage to practice after graduation. All our South African students must register with the Council for Sexual Health Professions NPC in South Africa (CSHP). An annual fee of R 350 will be automatically invoiced to you by the CSHP. The Academy focus on qualifications and the CSHP on designations.
- Budget for a R500 exam fee to pay to your invigilator (R500 per module only if an exam is required). +/- 20 modules do require an exam. The exam can be written close to your residence but must be arranged by you. See Regulations for Invigilators.
- Although we supply all the study material you'll need in digital format, we strongly recommend that you start to build your own library of essential books in sexology. The Curriculum and Study Guides are the intellectual property of Prof Dr Johann Lemmer.
- You'll have to budget for a 5% per year increase in fees due to inflation. Your personal internet connection may also add costs.
- There are no other costs.
