Important info to help you to **budget** for your studies:

- 1) Distance education on the Internet, while you are studying at your own time from the comfort of your home, saves a lot of money. At the Academy of Sexology International, we offer the highest academic value at the lowest possible costs.
- 2) Over the decades we became well known for our very low fees while sustaining the highest academic standards. Our graduates proved to make a difference to the sexual-, relationship- and family health & well-being of many people.
- 3) Your basic costs are the fee per module (see above). You only enrol & pay as you go for one module at a time. You are welcome to pay for more than one module, but you cannot enrol for a next module until you have passed the previous one. We'll credit your account but there will be no refunding of payment whatsoever. Doctoral students enrol and pay per annum. You may get permission to pay every six months.
- 4) A once-off application fee of R 600 that must be paid upfront in order to process your application. (Bank details bottom page 2).
- 5) We strongly recommend that all our students register with a professional body as a student member. Your student membership with a legal professional body, such as the Council for Sexual Health Professions NPC in South Africa (CSHP), will give you a definite advantage to internship during and practice after graduation. All our African students must register with the Council for Sexual Health Professions NPC in South Africa (CSHP). Visit www.cshp.co.za for more info. We also recommend membership of sexual health organizations but please note the difference between a professional body (that enables you to practice legally, and a sexual health organization who promotes sexual health.
- 6) Budget for a R600 exam fee to pay to your invigilator (R600 per module only if an exam is required). The exam can be written close to your residence but must be arranged by you. See Regulations for Invigilators.
- 7) Although we supply all the study material, you'll need in digital format, we strongly recommend that you start to build your own library of essential books in sexology. The Curriculum and Study Guides are the intellectual property of Prof Dr Johann Lemmer.
- 8) Budget for a 5% p.a. increase in fees due to inflation and for your personal internet connection There are no other costs.
- 9) Remember this is a contract. **Please initial all pages and sign page 3.**

Important information:

The **Academy of Sexology International** website: sexology.ac is an International Private Higher Education Online Institution for the Scientific Studies of Sexuality with a proud and proven track record since 2003. The best proof of our success is the 20 plus graduates who diligently studied hard for many years and are now reaping the fruits of their efforts and money. See: www.cshp.co.za .

To ensure that you understand the details of the application process, please make sure to review all the provided information carefully.

The Academy of Sexology is mandated by the World Health Organization (2001) & the Council for Sexual Health Professions NPC (CSHP) – Legal, registered, Professional Body in South Africa.

The *Academy of Sexology International* is an **International Private Higher Education Online Institution** for the Scientific Studies of Sexuality and should not be confused with the "Academy for Sexology Pty Ltd" (a registered South African Research Institution) with website sexology.co.za and service provider to the "Academy of Sexology International". We have never pretended to be a South African university or to be accredited with The Department of Higher Education or SAQA in South Africa. It doesn't make sense for an International Private Higher Education Online Institution and would do more harm than good to "be accredited. *Each country has its own laws regarding professional qualifications and professional designations (to practice legally). Our graduates are practicing legally in South Africa and other countries since 2005 The traditional focus on the accreditation of the institution has been world-wide replaced by recognition of formal, non-formal and informal prior learning of the individual (RPL).*

The Academy of Sexology International's academic standards are primarily based on the South African NQF framework of SAQA (levels 8, 9 & 10) and more specifically on RPL (Recognition of Prior Learning) policies world-wide.

What is agreed upon:

- 1) The Academy of Sexology International undertakes to provide world class tertiary education and best available academic training to all students of sexology all over the world to achieve our vision of optimum academic knowledge of sexual health, sexual well-being and sexual behaviour for all human beings on all aspects of sexuality: procreation, relation and recreation.
- 2) The Academy of Sexology International undertakes to fulfil its duty as a mandated service provider of the Council of Sexual Health Professions NPC (CSHP) in South Africa and to train students academically as Counsellors of Sexual Health (Professional Bachelors level), Therapists of Sexual Health (Masters level) and Sexologists (Doctoral level) in order to achieve our vision of optimum academic knowledge of sexual health, sexual well-being and sexual behaviour.
- 3) The Academy of Sexology International undertakes to continuously develop, implement and sustain our academic programs (Undergraduate- and Postgraduate Diplomas, Bachelors, Masters and Doctors degrees in Sexology) according to International standards.
- 4) The Academy of Sexology International undertakes to support our graduandi to the best of our ability country and world-wide regarding Continuous Professional Development as well as career outcomes.
- 5) The student undertakes to maintain a high input of quantitative and qualitative hours of studying, personal commitment, diligence and a professional ethical conduct. All students must realise the fact that it is a privilege to study sexology, but it also implies responsibilities such as dedication, hard work and commitment.
- 6) The student undertakes to support and promote the vision, mission and objectives (bottom-line: healthy sexuality) of the Academy of Sexology International and pledge their loyalty and cooperation in this regard. The Academy of Sexology International expects a high standard of academic, professional and ethical conduct of all our students.
- 7) The student takes full responsibility for the payment (in advance per module) of fees and the student fully understands that all paid fees will be forfeited in any case of the discontinuing of the studies.
- 8) The student takes full responsibility for their own career outcomes while the CSHP will enhance the graduate’s career as in its constitution. www.cshp.co.za .
- 9) The student declares that he/she will use all study material (including study guides) for own personal study purposes and student declares that he/she will not distribute it to any other party in any way.
- 10) The student declares that he/she has read and understand all information above and has made an informed decision to study sexology at the Academy of Sexology International. The student undertakes to comply fully with all the info, terms, conditions, rules and regulations as stated in this application form (contract) and the prospectus and also undertakes to keep him/herself up to date (informed) with every year’s prospectus. Your payment for each module will continuously be the formal proof of your acceptance of all terms, conditions, rules and regulations.
- 11) It is our mission to guide our students to achieve academic and professional maturity, competence as well as high standards of ethics and conduct.

The Academy of Sexology has an open communication policy. Visit our website sexology.ac Send emails to the accounts@sexology.ac or gabinaylor@gmail.com (admin/account enquiries) or prof@sexology.ac (academic enquiries).
